REGULATORY MARGIN SELF-DISCLOSURE LETTER
published on June 30, 2016
by the International Swaps and Derivatives Association, Inc.

Various jurisdictions are implementing regulatory margin requirements for uncleared derivatives transactions based on the framework published by the Basel Committee on Banking Supervision and the International Organization of Securities Commissions.¹ Regulatory margin requirements based on the BCBS-IOSCO Framework have been proposed or adopted in (i) Canada, (ii) the European Union, (iii) Japan, (iv) Switzerland, and (v) the United States, and it is expected that other jurisdictions will propose and adopt similar requirements. This Self-Disclosure Letter is intended to provide market participants with a standard form for providing counterparties with information necessary to determine if and when compliance with one or more of these new regulatory margin regimes will be required. The information provided in this Letter is being provided solely for making such determinations.

Capitalized terms used in this Letter are defined in Appendices I-VI.

Instructions:

Section 1 of this Self-Disclosure Letter (the “Letter”) requests general information about the market participant on whose behalf this Letter will be delivered (referred to herein as “Principal”). Section 1 is intended to be completed by all users of this Letter.

The remaining sections of this Letter request jurisdiction or regulator-specific information. The sections that should be completed on behalf of Principal when delivering this Letter to another market participant (referred to herein as “Recipient”) will depend on the jurisdiction and regulatory status of both Recipient and Principal.

For example, if this Letter is being delivered to a Recipient that is an “FC” (as defined in Article 2(8) of Regulation (EU) No 648/2012), such Recipient will likely need the information requested in the EU section of this Letter to determine whether and how the Draft EU Margin Requirements apply to the particular relationship between Principal and Recipient. At the same time, if Principal is itself an FC, Recipient will likely need this information for its own purposes, including (if it is regulated in a different jurisdiction) potential application of substituted compliance and other rules.

Thus, when preparing to fill out this Letter for particular Recipients, market participants should consider obtaining instructions from the Recipient ahead of time if it is not clear which jurisdictional sections the Recipient needs completed. Market participants should complete at least those sections of this Letter that are for jurisdictions that they have been informed or otherwise have reason to conclude are jurisdictions in which the Recipient is generally regulated for purposes of uncleared derivatives margin. In addition, market participants that are subject to direct regulation under the uncleared derivatives margin rules of one or more jurisdictions should complete the sections of the Letter that relate to those jurisdictions. Please note that the regulatory margin requirements of more than one jurisdiction may be applicable to a market participant.

If you are unsure of whether any particular section will apply to Principal's relationship with a Recipient, you should contact the applicable Recipient. Market participants may exchange contact information for this purpose by using Section 1(c).

(ii) PR Cross-Border Status – PR US Branches & Agencies

If “None of the above” has been checked in Section 6(b)(ii)(1) and Principal has been identified as a Multibranch Entity in Section 1(b), please indicate whether Principal may book Uncleared Swaps or Uncleared Security-Based Swaps with Recipient to a PR US Branch or otherwise establish a PR US Branch as counterparty to such transactions²⁴ by checking the appropriate box below.

Checking the box next to “No PR US Branch Transactions” indicates that Principal will not book its Uncleared Swaps or Uncleared Security-Based Swaps contracts with Recipient to one or more PR US Branches or otherwise establish a PR US Branch as counterparty to such transactions.

Checking the box next to “Some or All PR US Branch Transactions” indicates that Principal may book some or all of its Uncleared Swaps or Uncleared Security-Based Swaps contracts with Recipient to one or more PR US Branches or otherwise establish a PR US Branch as counterparty to such transactions.

- No PR US Branch Transactions
- Some or All PR US Branch Transactions

²² See PR Reg. 9(b).

²³ **Important note for Multibranch Entities:** For the purposes of this form, the defined term “PR US Person” does not include branches and agencies organized or licensed under US law, even though PR Reg. 9(b)(1) treats a US branch or agency of non-US banks as “an entity organized under the laws of the United States or any State.” A bank that is not organized in the United States or a PR Foreign Consolidated Subsidiary should check the “None of the above” box in response to this question, and use Section 6(b)(ii)(2) to advise Recipient as to whether it will book transactions to a US branch or agency.

²⁴ The US prudential regulators indicated that they would “generally consider the entity to which the swap is booked as the counterparty” for purposes of section 9 of the PR Margin Requirements. See 80 Fed. Reg. at 74883 & n. 183.

(iii) PR Cross-Border Status – US Guarantees

If “None of the above” has been checked in Section 6(b)(ii)(1) please indicate whether Principal’s obligations in respect of Uncleared Swaps or Uncleared Security-Based Swaps with Recipient may be guaranteed by a PR US Person, PR US Branch or PR Foreign Consolidated Subsidiary by checking the appropriate box below.

Checking the box next to “No PR US Guarantees” indicates that, to Principal’s knowledge, none of Principal’s Uncleared Swaps and Uncleared Security-Based Swaps with Recipient (other than Uncleared Swaps and Uncleared Security-Based Swaps notified to Recipient in writing prior to execution) are guaranteed by a PR US Person, PR US Branch or PR Foreign Consolidated Subsidiary.

Checking the box next to “PR US Guarantees” indicates that one or more of Principal’s Uncleared Swaps and Uncleared Security-Based Swaps with Recipient may be guaranteed by a PR US Person, PR US Branch or PR Foreign Consolidated Subsidiary.

(c) **Swaps Hedging Exemption²⁵**

If Principal is eligible for, and may want to take advantage of, a Swaps Hedging Exemption from margin requirements, please complete each relevant subsection of this Section 6(c).²⁶ If Principal is not eligible for, or does not intend to use, a Swaps Hedging Exemption you may skip this section.

(i) Hedging Exemption Status

Please check one or more of the boxes below, if applicable. Checking a box indicates that Principal is eligible, subject to satisfying any applicable transaction-specific requirements, to rely on the specified Swaps Hedging Exemption from the applicable US Margin Requirements. Persons checking these boxes should note that: (i) checking a box does not constitute an election by Principal to use such exemption in connection with any particular Uncleared Swap and (ii) Recipient may require additional information in order to rely upon the exemption for any particular Uncleared Swap. Skipping this section does not preclude a Principal that is eligible for a Swaps Hedging Exemption from electing such Swaps Hedging Exemption at a later date in respect of any Swap.

- CFTC Non-Financial Entity Exemption
- CFTC Small Bank Exemption
- CFTC Captive Finance Company Exemption
- CFTC Exempt Cooperative Exemption
- CFTC Treasury Affiliate Exemption²⁷

(ii) Swaps Hedging Exemption Elections

If any box has been checked in Section 6(c)(i), please indicate below whether Principal will rely on a Swaps Hedging Exemption from margin requirements by checking the appropriate box below.

Checking the box next to “All Transactions” indicates that, unless it otherwise notifies Recipient in writing prior to the execution of the relevant Swaps that will not be entered into in reliance on a Swaps Hedging Exemption indicated in Section 6(c)(i) above, Principal will enter into all of its Uncleared Swaps with Recipient in reliance on a Swaps Hedging Exemption indicated in Section 6(c)(i) above and that it will comply with the terms of the relevant exemption, including

²⁵ See PR Reg. 1.1(d) and CFTC Reg. 23.150(b).

²⁶ This section is substantially similar to provisions in the March 2013 ISDA DF Protocol. However, unlike certain of the provisions therein, this section is not specific to swaps that are subject to a mandatory clearing determination under CEA § 2(h). See Part IV of Schedule 2 to the March 2013 DF Supplement.

²⁷ Note that Section 705 of the Consolidated Appropriations Act, 2016, Pub. L. 114-113, made amendments to CEA § 2(h)(7)(D) and Exchange Act § 3C(g)(4).

*but not limited to, any applicable requirement that such transaction is entered into in order to “hedge or mitigate commercial risk.”*²⁸

Checking the box next to “Not All Transactions” indicates that Principal may not enter into all Uncleared Swaps with Recipient in reliance on a Swaps Hedging Exemption and that if it does rely on a Swaps Hedging Exemption for a particular transaction, it will comply with the terms of the relevant exemption, including but not limited to any requirement that such transaction is entered into in order to “hedge or mitigate commercial risk.”

- All Transactions
- Not All Transactions

(iii) Swaps Hedging Exemption Reporting²⁹

If any box has been checked in Section 6(c)(i), please indicate if Principal will satisfy the Swaps Hedging Exemption Reporting Requirement by making an annual filing or require Recipient to satisfy such reporting requirement by checking the appropriate box below.

Checking the box next to “Annual Filing by Principal” indicates that: (i) unless Principal otherwise notifies Recipient in writing prior to the execution of the relevant Uncleared Swap, as applicable, Principal will satisfy the Swaps Hedging Exemption Reporting Requirement by making an annual filing and (ii) all information reported in connection with Principal’s satisfaction of the Swaps Hedging Exemption Reporting Requirement is true, accurate and complete in every material respect.

Checking the box next to “Trade Filing by Recipient” indicates that Principal intends to cause Recipient to satisfy the Swaps Hedging Exemption Reporting Requirement.

- Annual Filing by Principal
- Trade Filing by Recipient

(iv) Swaps Hedging Exemption Information

²⁸ See CEA § 2(h)(7)(A)(ii) and CFTC Reg. 50.50(c).

²⁹ See PR Reg. .1(d) and CFTC Reg. 23.150(b).

If the box next to “Trade Filing by Recipient” in Section 6(c)(iii) has been checked, the following subsections may be completed to supply information required for such filings.

(1) Financial Obligations³⁰

Please indicate how Principal generally meets its financial obligations associated with entering into Uncleared Swaps by checking one or more boxes below, as appropriate.

- A written credit support agreement
- Pledged or secured assets (including posting or receiving margin pursuant to a credit support arrangement or otherwise)
- A written third party guarantee
- Its available financial resources
- Means other than those described in any of the foregoing options

(2) SEC Issuer/Filer

Please check one of the boxes below. Checking the box next to “SEC Issuer/Filer” indicates that Principal is an issuer of securities registered under Section 12 of the Exchange Act or is required to file reports under Section 15(d) of the Exchange Act.³¹ Checking the box next to “Not an SEC Issuer/Filer” indicates that Principal is not an issuer of securities registered under Section 12 of the Exchange Act and is not required to file reports under Section 15(d) of the Exchange Act.

- SEC Issuer/Filer
- Not an SEC Issuer/Filer

³⁰ See CFTC Reg. 50.50(b)(iii)(C).

³¹ See CFTC Reg. 50.50(b)(iii)(D). The CFTC has interpreted the meaning of “issuer of securities” in this context in the same manner as the SEC did in its proposal for implementing the end-user exception to mandatory clearing of security-based swaps, and so the phrase has been interpreted to cover entities that are “controlled” by issuers of securities. See 77 Fed. Reg. 42560, 42570 (July 19, 2012) (citing 75 Fed. Reg. 79992, 79996 & n. 34 (Dec. 21, 2010)) (“[A] counterparty invoking the end-user clearing exception is considered by the [SEC] to be an issuer of securities registered under Exchange Act Section 12 or required to file reports pursuant to Exchange Act Section 15(d) if it is controlled by a person that is an issuer of securities registered under Exchange Act Section 12 or required to file reports pursuant to Exchange Act Section 15(d).”).

(3) SEC Central Index Key Number³²

If “SEC Issuer/Filer” has been checked in Section 6(c)(iv)(2), please provide Principal’s SEC Central Index Key number here:

(4) Board Approval³³

If “SEC Issuer/Filer” has been checked in Section 6(c)(iv)(2), please indicate whether an appropriate committee of Principal’s board of directors (or equivalent body) reviewed and approved the decision to enter into Uncleared Swaps that are exempt from the Clearing Requirements by checking the appropriate box below.

Checking the box next to “Board Approved” confirms that an appropriate committee of Principal’s board of directors (or equivalent body) has reviewed and approved the decision to enter into Uncleared Swaps that are exempt from the Clearing Requirements.

Checking the box next to “No Board Approval Confirmation” indicates that Principal does not confirm at this time that an appropriate committee of Principal’s board of directors (or equivalent body) has reviewed and approved the decision to enter into Uncleared Swaps that are exempt from the Clearing Requirements.

- Board Approved
- No Board Approval

³² See CFTC Reg. 50.50(b)(iii)(D)(1).

³³ See CFTC Reg. 50.50(b)(iii)(D)(2).

(d) **United States AANA Information**

If any box other than “None of the above” has been checked in either Section 6(a)(i) or Section 6(b)(i) of this Letter,³⁴ please complete each relevant subsection of this Section 6(d), as applicable.

(i) US AANA Group Information

Please complete each of the questions below, as applicable.

(1) Is Principal a member of a US AANA Group?

Yes

No

(2) If Principal is a member of a US AANA Group, provide the following information for the ultimate parent entity of such US AANA Group:

Legal Name: _____

Entity Identifier: _____

Address: _____

Country: _____ City: _____

State: _____ Zip Code: _____

³⁴ *I.e.*, if it has been indicated that Principal is a regulated swap entity in the United States, a CFTC Financial End User or PR Financial End User.

(ii) 2016 US AANA Threshold³⁵

Please check one of the boxes below.

- *Checking the first box below indicates that Principal's US AANA for 2016 is above \$3 trillion and that it has Material Swaps Exposure.*³⁶
- *Checking the second box below indicates that Principal's US AANA for 2016 is not above \$3 trillion or that Principal does not have Material Swaps Exposure.*
- *Checking the third box below indicates that Principal's US AANA information will be separately reported by its US Ultimate Parent(s).*
- *Checking the fourth box below indicates that Principal's US AANA information will be separately reported by a third party other than its US Ultimate Parent; if the fourth box is checked, please also provide appropriate contact information for that third party.*

- Above \$3 trillion US AANA and Material Swaps Exposure
- Not above \$3 trillion US AANA or no Material Swaps Exposure
- US AANA information will be separately reported by Principal's US Ultimate Parent
- US AANA information will be separately reported by the following person:

Legal Name: _____
Entity Identifier: _____
Address: _____

Country: _____ City: _____
State: _____ Zip Code: _____

³⁵ See PR Reg. .1(e)(1); CFTC Reg. 23.161(a)(1). Please note that counterparties may have to exchange AANA information on an annual basis, for which ISDA may publish a separate form, and ISDA Amend will be built to facilitate, subsequent exchanges of AANA information.

³⁶ Under the compliance schedule in CFTC Reg. 23.161(a), compliance with minimum margin requirements will be required in the first compliance phase where a covered swap entity and its counterparty exceed the specified US AANA for 2016. Under the rules, compliance with IM requirements is required with respect to a "covered counterparty," which is defined as a "financial end user with material swaps exposure or a swap entity" See CFTC Reg. 23.151. Thus, for transactions with entities other than "swap entities," a covered swap entity would theoretically want to know whether such entity is over the US AANA threshold and whether it has "material swaps exposure" (which has a different measuring period than US AANA). A similar issue arises under PR Reg. .1(e)(1).

(iii) US AANA Threshold Estimate

If Principal's US AANA is not above \$3 trillion in 2016, please indicate the estimated year (if any) in which Principal expects to cross the relevant US AANA threshold by checking the appropriate box below. A person completing this form may also select "Decline to answer" in this section.

This information is not mandatory, is not a representation that Principal will, in fact, cross the relevant threshold in the indicated year, and is provided solely to enable Recipient to plan for future documentation or other changes that may be necessary to comply with regulatory initial margin requirements.

- 2017 (\$2.25 trillion US AANA)³⁷
- 2018 (\$1.5 trillion US AANA)³⁸
- 2019 (\$.75 trillion US AANA)³⁹
- 2020 (Material Swaps Exposure)⁴⁰
- None of the above
- Decline to answer

The information provided in this Letter is, to the best of Principal's knowledge and belief accurate as of the date of completion of this Regulatory Margin Self-Disclosure Letter. As to

[i] Investment funds that are managed by an investment advisor are considered distinct entities that are treated separately when applying the threshold [i.e., the CAD \$12 billion threshold] as long as the funds are distinct legal entities that are not collateralised by or are otherwise guaranteed or supported by other investment funds or the investment advisor in the event of fund insolvency or bankruptcy.

“*Exempt Entity*” means an Article 1(4)(a) Entity, an Article 1(4)(b) Entity, an Article 1(4)(c) Entity, an Article 1(5)(a) Entity, an Article 1(5)(b) Entity, an Article 1(5)(c) Entity, or a Non-Undertaking.

“*Third Country Entity*” means an entity that is a “third country entity” as that term is used in EMIR.⁴⁵

⁴⁴ The concept of an “undertaking” is not defined in EMIR. The European Commission, in its EMIR FAQs (available at http://ec.europa.eu/internal_market/financial-markets/docs/derivatives/emir-faqs_en.pdf) has given its interpretation of what constitutes an “undertaking” for EMIR purposes.

⁴⁵ The term “third country entity” is not defined in EMIR. However, in the context of application of certain obligations, EMIR distinguishes between entities that are established in the EU and entities that are not established in the EU. For the purposes of this question therefore, a “third country entity” means an entity that is not established in the EU (subject to the points below).

The meaning of “established” has also not been defined in this context – existing commentary from European authorities suggests that it refers to the jurisdiction in which an entity is incorporated or otherwise constituted (rather than any physical presence from which it does business, to the extent that this differs from its jurisdiction of incorporation or constitution); for example, an entity which is incorporated outside the EU but has a physical presence in the EU by way of a branch would still be a third country entity. Each entity must determine for itself where it is “established” for these purposes.
